DETAILED ACTION

Allowable Subject Matter

1. Claims 15 and 16 are allowed.

The primary reason for allowance of claim 15 is the inclusion of the first and second developer carrying members being fixedly disposed in each of the developing devices and each of the developing devices being held pivotally movable with respect to a rotary member, which is found in all of claim 15, but not disclosed nor suggested by the prior art of record.

The primary reason for allowance of claim 16 is the inclusion of the limitation that during a movement of a selected developing device, a distance between an outermost portion of a second abutting member and a rotation center of a rotary member is larger than a distance between an outermost portion of a first abutting member and the rotation center of the rotary member, which is found in all of claim 16, but not disclosed nor suggested by the prior art of record.

Response to Amendment
